

Project: Warth & Klein Grant Thornton

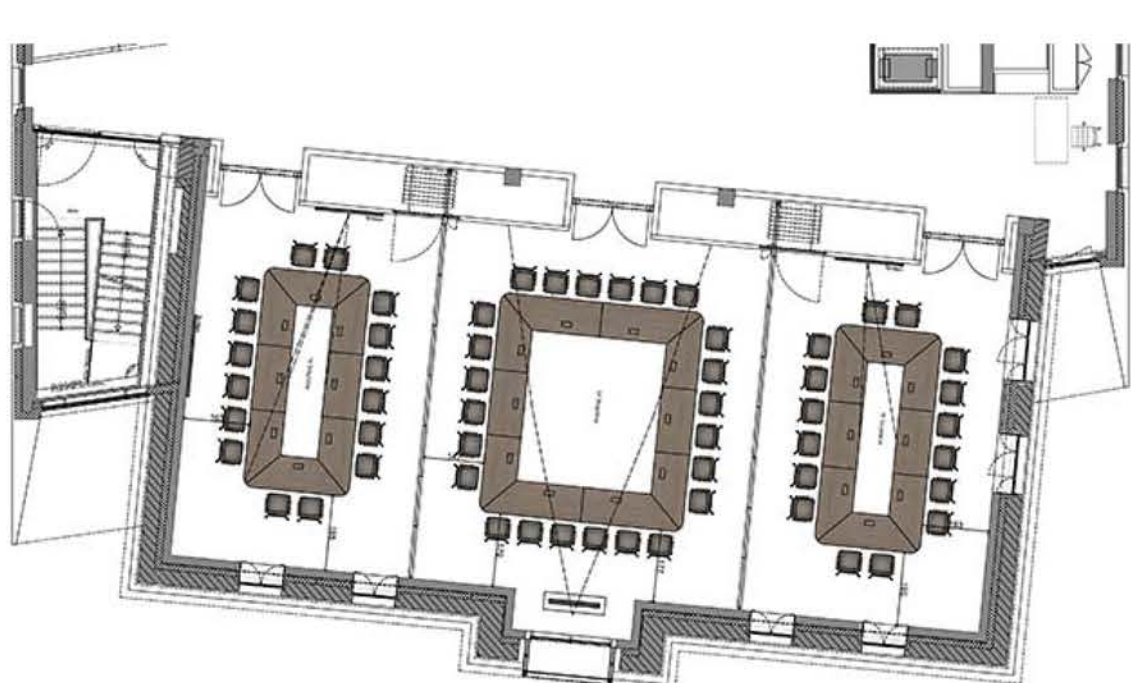

Warth & Klein Grant Thornton is one of the largest partner-based auditing and business advisory firms in Germany with over 800 employees in eleven locations.

After years of steady growth, in Düsseldorf relocation to new offices was necessary. The Clara and Robert Office Complex fit the bill perfectly. The firm occupies all 7,400 square metres of the "Robert" building and 1,400 m2 of "Clara". In September 2015, employees moved into the new facility and now all work in Düsseldorf in one central location.

The three conference rooms are divided by flexible partition walls and can be combined into a large room that accommodates either seminar tables or a conference table seating up to 52 people. This application required an intelligent conference table system that allows simple rearrangement without the need for tools. The flexible, distinguished Talk conference table system was the perfect match for the elegant interiors. The meeting rooms were furnished with graceful tables from the Star programme.
