

Project: L'Osteria, Munich

The L'Osteria restaurant chain offers authentic Italian cuisine in over 50 warm, welcoming locations in Germany, Switzerland and Austria. A conscious mixing of styles in each restaurant provides a unique ambience in which young and old alike feel at home.

This comfortable atmosphere was incorporated into the new L'Osteria headquarters in Munich. The architecture features spacious rooms with high ceilings and floor-to-ceiling windows. Warm earth tones and comfortable premium materials round out the interior decor.

The design principles for the new administrative offices were developed in cooperation with the interior designer. The Star line from RENTZ was chosen for the furnishings of the executive offices and conference rooms. The elegant mix of smoked oak and black chrome creates a tangible feeling of cosiness.

On our website you will find the latest news about our company and networked information about our products and current references. [Here](#) you get further informations about the RENTZ Programmes.
