### Review Orgatec 2016

Our products have received a very pleasant feedback at the Orgatec in Cologne last week. Thank you very much for your visit.

### PAPER

The PAPER table program, designed by Jehs + Laub, celebrated its premier at the Orgatec. Unique design elements are the slender, seemingly lightweight desktop and legs that look like a folded piece of paper. Please follow the [link](#) for further information.

### FILM

Our new image film ran for the first time at the Orgatec. In moving pictures we give the opportunity to take a look behind the scenes and to experience the development and implementation of new products.

On our website you will find the latest news about our company and networked information about our products and current references. [Here](#) you get further informations about the RENZ Programmes.
